

The doctors  
you want  
at the hours  
you need.

Exceptional Care.  
Private Access.  
24/7.

SOLLIS  
HEALTH

No more five-hour waits in the ER.  
No more distracted doctors who don't know your name.  
No more stress making everything even worse.

We created Sollis Health to be the cure for all of that. As a members-only medical concierge service with 24/7 uptown and downtown facilities, we can handle emergencies, check-ups, and everything in between—in a serene, private setting, with no appointment and no wait.

Come discover a brand new tier of health coverage:

State-of-the-art medical centers on the Upper East Side and Tribeca

Expedited appointments with an exclusive network of specialists

24/7 access to the city's best doctors, including house calls

Hamptons summer service, including house calls

NYC's only private on-site imaging, with MRI, CT, Ultrasound, and X-ray

Capped membership to ensure a limited volume of patients

Round-the-clock telemedicine

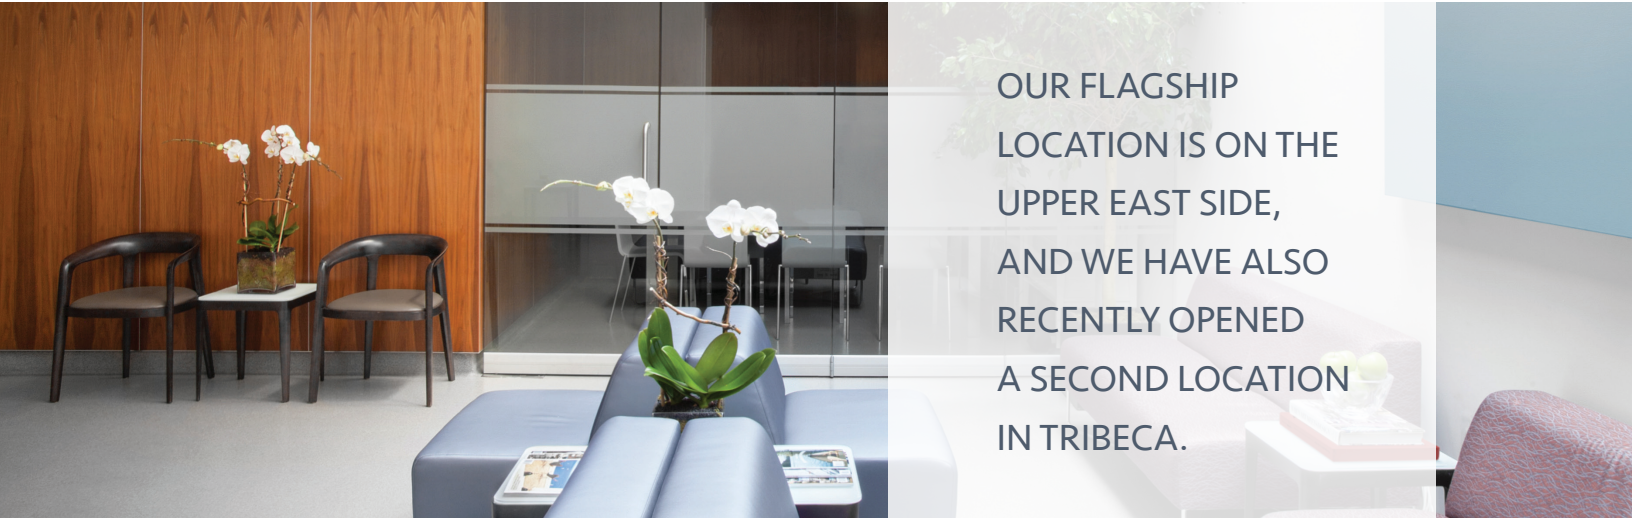

VIP amenities at leading hospitals

Even when it's not an emergency, we're there for you:

- Flu shots and vaccinations
- IV and vitamin infusions
- In-house blood work
- Travel medicine
- Patient advocacy
- Exclusive perks from partners like Equinox

- Columbia
- HSS
- Lenox Hill
- Mt. Sinai Health System
- New York Presbyterian
- Weill Cornell

# LIFE WITHOUT SOLLIS HEALTH

You go to a loud, chaotic ER where doctors are working on multiple patients at the same time—and the average wait is five hours.

It's Sunday evening. You slip on some ice, break your shoulder, and experience excruciating pain.

After you're sent home, you spend another three weeks visiting various specialists....

... taking time away from work and your loved ones.

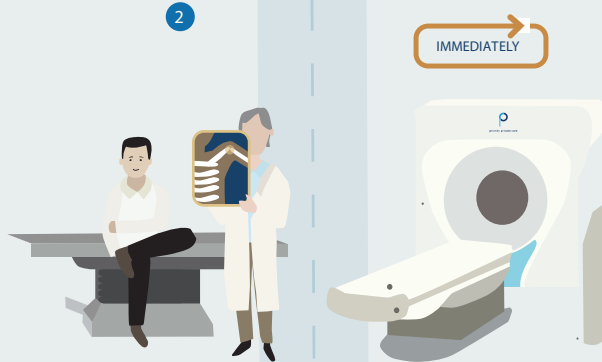

After an average of six weeks, you finally receive the surgery you need.

# LIFE AS A SOLLIS MEMBER

You break your shoulder.

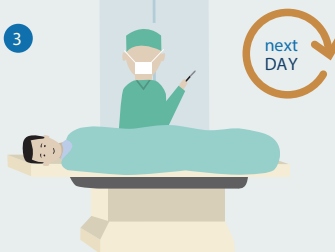

2

You come to Sollis, the only private facility in NYC to offer 24/7 advanced diagnostic imaging, and are seen by a physician immediately. After only 90 minutes in our center, you leave with all the imaging information you need for your next-day surgery (when available).

Using Sollis, you've just saved weeks of stressful scheduling and multiple days of missed work.

3

# YOUR TEAM

**DR. BERNARD KRUGER, MD**  
**Co-Founder**

Board-certified in Oncology and Internal Medicine, and on faculty at Weill Cornell Medical College, Dr. Kruger has been serving the needs of his patients for over 30 years from his office on the Upper East Side.

**DR. BEN STEIN, MD**  
**Medical Director**

Dr. Stein has 18 years experience in the emergency departments of hospitals such as Mt. Sinai and Lenox Hill, and has started multiple companies and served as CMO of Eden Health.

**DR. MIKE HILTON, MD**  
**Assistant Medical Director**

Dr. Hilton is double board-certified in Emergency Medicine and Emergency Medical Services. He has served as Associate Medical Director of EMS and Disaster Preparedness at Mount Sinai and Medical Director of EMS systems in Pittsburgh.

**RACHEL SHOFLICK**  
**Clinical Director**

Rachel is a board-certified physician assistant specializing in emergency medicine at Montefiore Medical Center. She completed her Bachelor of Science in Neuroscience at the University of Michigan and earned her Master of Science at Stony Brook University.

**LYNDA MCGINNIS**  
**Membership Director**

Lynda's experience ranges from senior roles at financial institutions like LF Rothschild and Oppenheimer to owning an international chain of antique shops. She has a passion for outstanding customer service.

# FREQUENTLY ASKED QUESTIONS

## When should I go to Sollis Health?

Sollis Health provides immediate, 24/7 care for all your medical needs, whether it's an injury, sickness, or something less urgent. Call our Medical Hotline anytime at (646) 687-7600.

## How do I make an appointment?

You don't! Simply call us beforehand so we can give quick advice and prep for your arrival. Once you're here, a doctor will see you immediately. You can also have your primary care provider accompany you to our facility.

## How does Sollis Health work with my primary care provider?

After you visit our clinic, we keep in touch with your physician and provide them with records from your visit. Your medical file will also appear online in your Sollis patient portal account.

## How do you choose participating doctors in your network?

We use a proprietary rating system that factors in things like clinical outcomes, peer reviews, patient satisfaction, reputation, experience, and education.

## What if I'm traveling?

You can always contact us by phone, text, and FaceTime to receive medical care remotely.

## Is there anything not covered by my membership?

Procedures beyond the initial encounter—including diagnostic imaging, medications, supplies, and surgical procedures—are billed separately and submitted to insurance for out-of-network reimbursement on your behalf. NYC/Hamptons house calls also incur an additional fee. Any treatment provided by our network of non-staff specialists or care that takes place at another facility will be billed separately by those providers.

## How does Sollis Health work with my insurance?

Sollis Health is an out-of-network provider. We do not accept insurance and have opted out of Medicare, but we will file all paperwork on your behalf and submit for reimbursement.

## How do house calls work?

Our doctors provide an initial assessment over the phone to determine whether you'd be better off coming in. If not—or if you'd just prefer to be seen at home—we'll send someone within 90 minutes.

## Does Sollis Health take 911 calls?

We CANNOT receive ambulances from 911 calls. If you need transport and it's not life-threatening, we'll provide a private ambulance at discount through one of our partners.
